

## EXTENSIONS OF REMARKS

### EXTENDING RECOGNITION TO THE BATTLE OF LAKE ERIE BICEN- TENNIAL CELEBRATION

**HON. JOHN A. BOEHNER**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. BOEHNER. Mr. Speaker, I rise today to recognize America's victory at the Battle of Lake Erie during the War of 1812.

On September 10, 1813, Commodore Oliver Hazard Perry led the American Navy into battle against the British Navy. At the beginning of the battle, Perry hoisted his battle flag which read, "Don't Give up the Ship." Commodore Perry along with 557 patriots succeeded with a significant victory which ensured America's control of Lake Erie for the remainder of the war.

200 years later, we are recognizing this battle near Put-In-Bay for securing the Northern Frontier. We gather at Lake Erie to celebrate Commodore Perry's victory, the impact this battle had in the War of 1812, and the long-lasting peace between nations.

We remember that freedom is never free and that many have made the ultimate sacrifice, so that we may enjoy the freedoms our forefathers envisioned. Their service and dedication to country breathes life into the fabric of our nation.

On behalf of the United States Congress, I proudly salute Commodore Perry, the American Navy, and the American people on the Battle of Lake Erie Bicentennial Celebration.

### A TRIBUTE TO BARBARA CHASE RIBOUD

**HON. ROBERT A. BRADY**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. BRADY of Pennsylvania. Mr. Speaker, I rise to honor Barbara Chase Riboud who is truly a renaissance woman. Her talent as a novelist, poet, scholar and artist of the highest order, is recognized around the world. We are happy to claim her as a Philadelphian and are excited about the exhibition of the first comprehensive retrospective of her iconic Malcolm X Steles at the Philadelphia Art Museum. In short, we are deeply honored by her work, accomplishments and presence once again in Philadelphia.

Educated at the Philadelphia High School for Girls', Temple University's Tyler School of Art and the Yale University of Art, she is an internationally acclaimed visual artist whose work has been exhibited throughout Europe and America. Her public sculpture, Africa Rising, at the African Burial Ground National Monument in Lower Manhattan expressed as poetry, sculpture and historical novel is in tribute to the 17th and 18th century burial ground that yielded the remains of more than 400 mostly enslaved Africans in America.

Among her prestigious awards are the Carl Sandburg Prize for Best American Poet and being knighted in the Order of Arts and Letters by the French government. Her talent is only eclipsed by her career long commitment to make known the story of those who came to America, "... a stunned string of Black pearls like a hundred year centipede: one thousand. One thousand thousand. one million, three, six, nine, thirty million."

### IN RECOGNITION OF MARIBEL P. CHAVEZ

**HON. MICHAEL C. BURGESS**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. BURGESS. Mr. Speaker, I rise today to honor the distinguished career of Maribel P. Chavez. After committing 31 years to public service with the Texas Department of Transportation (TxDOT), Mrs. Chavez retires as Fort Worth District Engineer.

During her tenure, Mrs. Chavez has worked collaboratively with local, state, and federal partners to streamline and implement innovative projects in the Fort Worth District. Her oversight of the combined \$3 billion DFW Connector and North Tarrant Express projects reflects her ability to manage complex regional highway projects through environmental clearance and construction.

Mrs. Chavez was diligent on smaller projects that were no less complex, but every bit as important to Tarrant County communities. Her cooperative effort with the City of Fort Worth to complete the long-awaited widening of East Rosedale, improvements at the Hwy. 287 and Berry St. interchange, and assistance to facilitate completion of Fort Worth's new Veterans Outpatient Clinic on Interstate 20 underscore her commitment and responsiveness.

Mrs. Chavez's career was also notable as she was the first female engineer hired by TxDOT and the first female TxDOT District Engineer. Additionally, she has been recognized for her many achievements including Woman of the Year by the Dallas-Fort Worth Chapter of the Women's Transportation Seminar, Preservation Leadership Award by Historic Fort Worth, Inc., and by the Fort Worth Star-Telegram for her guidance on the DFW Connector Project.

Her invaluable contribution to my annual Transportation Summits will be sincerely missed. It is my privilege to commend Maribel P. Chavez and wish her well in retirement. Her work will stand as a monument to her dedication for years to come.

### 100 YEARS OF MORONGO BASIN HISTORY; 2009 IN FOCUS

**HON. PAUL COOK**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. COOK. Mr. Speaker, I rise today to honor the 100th Anniversary of the Morongo Basin. It is the honor of a life time to be able to serve the people of the Eight Congressional District in Washington, D.C. As seen over the course of the Basin's 100 year history, this region maintains a strong sense of community and upholds many noble traditions. Today I am here to talk specifically about Ms. Mara Cantelo and the strong sense of volunteerism she brings to the community.

Over the past 100 years, there have been many shining moments to which we can remember the Basin. The year 2009 comes to mind when I think of its altruistic spirit. It was in 2009 that Mara Cantelo, a Coachella Valley native, received the Jefferson Award from the American Institute of Public Service in recognition of her steadfast and selfless efforts to help those who are less fortunate. Mara has been a paragon of benevolence in her community since 1984 when she co-founded Tender Loving Christmas with her mother Julie Tunstall.

As the name suggests, Tender Loving Christmas was dedicated to giving care and compassion, in the form of food, to those who needed it most in the holiday season. Since then it has grown to become Tender Loving Cause, and has taken to providing for the poor year round. This charitable labor of love has successfully fed nearly 3,500 impoverished people since its inception, and will undoubtedly serve thousands more in the future.

To the people of the Morongo Basin, thank you for including me in your 100 year project. The sense of volunteerism you and Mara bring to your community is admirable and a true beacon of inspiration to us all.

### IN RECOGNITION OF 100TH ANNI- VERSARY OF THE VILLAGE OF ORION

**HON. CHERI BUSTOS**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mrs. BUSTOS. Mr. Speaker, I rise today to recognize the village of Orion, Illinois on the occasion of the 100th Anniversary of their Central Park Band Shell.

Orion's Central Park Band Shell is the center piece of their village. It is a place where families and friends gather to enjoy the company of each other, their neighbors, and to take part in various events, including outdoor movies and concerts. It has hosted notable guests including Bill Allred's Jazz Band and Chris Vallillo, a nationally recognized folk singer and historian who proclaimed it one of the finest venues he had ever used.

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

The Central Park Band Shell has twice been threatened by demolition. It has survived all these years and is now listed on the National Register of Historic Places, which has proved to be the catalyst for a community-wide preservation effort. In 2004, the Orion Band Shell was awarded Illinois' highest preservation honor, the Richard Driehaus Project of the Year Award, by Landmarks Illinois.

Mr. Speaker, I again want to recognize the village of Orion on this notable event, and am glad that places like this exist, helping to bring people together.

---

HONORING DR. WILLIAM A. "BILL"  
CRAIG

**HON. MO BROOKS**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. BROOKS of Alabama. Mr. Speaker, it is my honor and privilege to recognize Dr. William A. "Bill" Craig and his many accomplishments during his career.

After receiving a bachelors degree in electrical engineering from Mississippi State University, Dr. Craig began his civil service career in 1960 with Dr. Werhner Von Braun's Astrionics Laboratory before moving to the Army Ballistic Missile Defense Agency in 1970, and then as a charter member to the Army Missile Command's Missile System Software Center when it was established in 1976.

Since 1988, Bill Craig has served as the Director of the U.S. Army Research, Development and Engineering Command, Aviation and Missile Research, Development and Engineering Center, Software Engineering Directorate (SED). Through his leadership, the SED, as an organization, attained a Level 4 rating against the Software Engineering Institute's (SEI's) Software Capability Maturity Model in 2000. During Dr. Craig's tenure, the SED has experienced significant growth, greatly expanding its customer base as well as enlarging its facilities. As one of only three Life Cycle Software Engineering Centers in the Army, the SED provides software and systems engineering support for most of the Army's major weapon and aviation systems. Under the leadership of Dr. Craig, the SED organization is the responsible agent for the development and fielding of numerous Army Systems, including: Joint Battle Command-Platform and the Aviation Mission Planning System. Also, the SED, in partnership with the Program.

Executive Officers and Program Mangers, has established numerous Aviation and Missile System Integration Laboratories for the analysis and test of tactical systems and software. These laboratories provide the capability for Joint Services Interoperability Certification as well as Intra Army Certification. The SED also is responsible for development and deployment of the America's Army Program. This program includes the public game, weapon systems trainers, and Army recruiting applications.

The SED collaborates with a number of other organizations/agencies, including: Space and Missile Defense Command for Cyber Security, Jackson State University for Homeland Security, and as a Technology Transition Partner with the Software Engineering Institute. The SED has also made significant progress

in workforce development, in partnership with the University of Alabama in Huntsville, including a very robust Co-op Program, and advanced degrees in Software Engineering and Systems Engineering. These opportunities allow the expansion and growth of the SED workforce to remain relevant in the complex areas of the digital world.

Dr. Craig is a highly respected leader and visionary in the community and a strong proponent of the greater Tennessee Valley area. In 2004, he received an honorary doctorate degree from the University of Alabama in Huntsville. Additionally he serves on the advisory board for the Electrical and Computer Engineering Department at the University of Alabama in Huntsville. Other honors include induction into the Order of Saint Barbara, an honorary military society of the United States Field Artillery Association, recognition as supervisor of the year in 1985 by the North Alabama Chapter of Federally Employed Women, and the first recipient of the Joseph C. Moquin Award given by the Huntsville Association of Technology Societies in 2006. In 2010, the Tennessee Valley National Defense Industrial Association presented Dr. Craig with the Medaris Award for demonstrating technical excellence in promoting the defense preparedness for the nation.

---

HONORING THE 150TH ANNIVERSARY  
OF THE FIREMAN'S FUND

**HON. KEVIN MCCARTHY**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. MCCARTHY of California. Mr. Speaker, I rise today to recognize the anniversary of a California company that has dedicated itself to serving the residents of our state for 150 years. Founded in San Francisco, the Fireman's Fund Insurance Company has been protecting the future for individuals, families and businesses since 1863. The Fireman's Fund name, which is well-known across California, emanates from the founder's arrangement to pay 10 percent of the company's profits to support the widows and orphans of firefighters who died in the line of duty. That tradition continues today through the company's Heritage Program, providing fire departments throughout the nation with life-saving equipment and training. Working in combination with its employees, agents and brokers, the company has distributed more than \$30 million to support firefighters for safer communities since 2004, with over \$8 million contributed in California. The company has also been a benefactor for numerous charities in the San Francisco Bay Area and its generosity has added tremendously to the vitality of our communities.

Over the past 150 years, Fireman's Fund's contribution to our nation's history extends far beyond California. The Fireman's Fund has insured the construction of some of our nation's most treasured landmarks, including the Hoover Dam, the Golden Gate Bridge and even Charles Lindbergh's Spirit of St. Louis. During our nation's most trying times of crisis, the company delivered on its promises. Following the Chicago Fire of 1871 and the San Francisco Earthquake of 1906, the Fireman's Fund played a critical role in rebuilding after the

devastation. The company was also present when needed most for many displaced people after the Northridge earthquake of 1994, which devastated much of Southern California.

Throughout its history, the Fireman's Fund has prided itself on also being innovative; it prides itself on being the first insurance provider to write a standing grain policy in the U.S., the first carrier to offer nationwide automobile insurance and standardized homeowners insurance, and the first company to add "green rebuild" insurance to their offerings for homes and businesses. Back in my hometown of Bakersfield, California, Fireman's Fund remains one of our region's largest agricultural insurers, providing essential risk control services to hundreds of farm producers in my Congressional District. Its 150 years of service has established a name and reputation which resonates well with insurance agents and brokers who distribute their product in our local communities.

Today there are more than 1,200 Californians working for Fireman's Fund. Together they make up a great company that remains one of California's most enduring financial institutions. Given the time of rapid change in which we live, it is comforting to know that companies like Fireman's Fund still endure, and I ask my colleagues to join me in wishing them well with the hope that they will still be protecting the future for individuals, families and businesses for another 150 years.

HONORING THE 40TH ANNIVERSARY  
OF HUMANITIES WASHINGTON AND THE 15TH ANNIVERSARY  
OF ITS BEDTIME STORIES  
LITERARY GALA

**HON. JIM McDERMOTT**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 10, 2013*

Mr. McDERMOTT. Mr. Speaker, I rise today to honor the 40th anniversary of Humanities Washington and the 15th anniversary of its Bedtime Stories literary gala in Seattle.

Since its founding in 1973, Humanities Washington has served the state with humanities programming, sparking conversation and critical thinking using story as a catalyst, nurturing thoughtful and engaged communities across Washington State. As Washington State's flagship non-profit for the humanities, it plays a critical role in addressing an immediate and growing crisis concerning community identity and understanding, respect for other perspectives, and the ability of communities to work together to shape a better future.

Humanities Washington's work in cultural education—ranging from Speakers Bureau to Traveling Exhibits to Family Reading—promotes awareness of the history of local communities and its residents, provides opportunities for people to gather and learn more about their unique past and shared present, and nurtures relationships that enable us to move forward towards a more prosperous future.

The humanities—including history, literature, philosophy, ethics, law, and other fields of inquiry—encourage us to investigate, speak, listen, read, reflect, question, think, grow, and act. Using the disciplines of the humanities, Humanities Washington provides programs and experiences of lasting value, creating insight, understanding, wisdom, and a deeper
